Julie,

It was a pleasure seeing you all this afternoon! Thanks again for your kind donation – you all are truly a blessing to our kids!

Attached are some photos from both today's Easter donation as well as the Christmas stocking donation. If you need anything else, just let me know!

Thanks for all you do,

Nicole Conner

Subject: Patient Breakdown + Wish List

Julie,

It was lovely speaking with you this morning! Thanks again for thinking of our kids at this time of the year. We truly cannot express how grateful we are as your kindness brings a lot of joy to our kiddos!

- **Wish List:** Attached is our "Wish List" that helps delineate some items for our kids, broken down by age group, if you need any additional ideas!
- **Age Breakdown:** As far as our patient breakdown goes – unfortunately, it's not possible for us to accurately say how many of each gender/age group we will have, but often times, around 50% of our patients are 10 years old and under, if that helps. It is also usually close to a 50/50 split gender-wise, but it's never a guarantee.

We usually recommend to also consider items specifically for babies (rattles, blocks, etc.) as they make up a chunk of that 10 and under age group. Sometimes people ask about our teens--we often recommend a gift card or such (i.e. iTunes gift card, etc.) for that demographic as most have a smart phone or iPod that they play on while in the hospital.

We generally say around 100 items is a safe bet for the number of *visitable* in-patient kids we have at a given time, if that helps as a rough estimate.

Hope this information helps... again, my apologies that I can't give you more specific numbers! The good news is our child life specialists team makes sure to intentionally reach out to our patients, so if for some reason there isn't something for every single room (and/or if we have an excess of your gifts), our staff will be sure to get something into the right child's hands later.

If you have any additional questions, feel free to contact me. Thank you so much for thinking of our kids!

All the best,

Nicole Conner
